About Lakes Food

The 1980s saw a plethora of immigrants on the shores of Britain, while they left back their culture and food. Though they were preoccupied with making a living, they still missed the taste of back home. Lakes Food Euro satisfied this demand by directly importing, retailing, wholesaling, and all food ingredients to various cuisines.

Since its inception in 1984, Lakes was committed to lower purchasing costs, making food procurement easy and convenient. Lakes soon transformed from a modest retail business, to exporting products worldwide.

Today, Lakes is a leader among food suppliers serving the cash & carry, wholesalers, manufacturers, restaurants, caterers, bakeries & confectioners. We are committed to offering customers an innovative range of fine food products for the gourmet food industry.

At Lakes, we have worked hard to remain constant in our passion, dedication and commitment to importing, and distributing the most authentic food ingredients from around the world.

This year we have continued to introduce new and innovative products. We have now implemented new and easier ways for uk retailers to access these wonderful products.

Our Export Division distributes all Lakes bespoke products worldwide. Some of our customers are in Africa, Middle East, Asia.

We also take pride in serving the United Nations as one of our blue chip customers.

There are no clients too small or too big.

We can provide bespoke products and private label. "Count on us for the authentic experience".
